# My Choices Cheer Chart Tokens

Cut out tokens and use with the My Choices Cheer Chart

# My Choices Cheer Charts

## Tips and Tricks

- Cut pieces before laminating them.
- Use a dot of glue stick on the back of each piece to secure the pieces to the laminating pouch.
- Leave room for the pouch to seal around each piece including room to cut between while maintaining the seal.
- To keep from losing tokens yet to be earned, consider stapling a small snack size baggie to the back of the chart.
- Another option is to place a strip of rough Velcro to the back of the chart to hold pieces until they are earned.
